Arizona Science Center to Offer CAMP INNOVATION During School Fall Breaks
Registration now open for limited in-person camps

WHO: [Arizona Science Center](http://azscience.org) is pleased to announce it will offer in-person sessions of [CAMP INNOVATION](#) during Fall breaks from school for students in grades 1-6.

WHAT: CAMP INNOVATION introduces kids to STEM and helps build skills for youth through high-energy challenges, building and design opportunities, and concept exploration. Students can attend all week or on select days.

The Science Center will continue to enforce strict health and safety guidelines for all camps and team members and follow social distancing and sanitation measures established by the Centers for Disease Control, the United States Department of Labor, and the Arizona Department of Health Services. These protocols, which were tested during our Summer Camp season, primarily fall into the categories of intensified cleaning, health and hygiene best practices, and physical distancing efforts.

WHEN: Daily registration offered October 5-9 and October 12-16, 2020
Time: 8:00 a.m.- 3:30 p.m. (Drop off starts at 7:30 a.m., Pick up ends at 4:15 p.m.)

WHERE: CREATE at Arizona Science Center, 600 E. Washington St., Phoenix, AZ 85004

AGES: Camps will be grouped by grades and limited to 12 campers per group.
1st-3rd Grade (ages 6-9)
4th-6th Grade (ages 8-12)

PRICING: Daily Rates: \$50 non-members, \$40 members - no weekly rates
Scholarships are available thanks to generous donors and community partners

###

ABOUT ARIZONA SCIENCE CENTER: The mission of Arizona Science Center is to inspire, educate and engage curious minds through science. The Center is committed to providing a safe environment that aligns with expert protocols for COVID-19. Leadership actively monitors and evolves policies to ensure a focus on the health and safety of guests and team members.

The Center, located at 600 E. Washington Street in downtown Phoenix, features more than 300 hands-on exhibits, live demonstrations, a range of interactive online science content, the state-of-the-art Dorrance Planetarium and the five-story Irene P. Flinn Giant Screen Theater. CREATE at Arizona Science Center®, adjacent to the main building, is the newest addition. This 6,500 square foot community makerspace provides workshops, including 3D printing, laser cutting, woodworking and sewing. The Center offers programs for all ages, including Camp Innovation, Teen programs, Professional Development and Learning for Educators, and adults' night out: Science With A Twist. The Center also offers a broad range of online science learning resources for parents, educators, students and anyone curious about science. For further details, please visit azscience.org.
